(GHS) Global Harmonized System  
of Classification and Labeling of Chemicals

BS5609 Approved labels  
British Standard - BS5609 - sets out various  
criteria regarding adhesive performance,  
print permanence, abrasion resistance and  
so on to stipulate minimum standards  
required by labels which may be used  
in "Marine Environments"

2008, 09, 10  
**PEAK**
